Church History

Did You Know...

The first church was furnished with debt, drought and grasshoppers hindering members. The pulpit was behind the altar and above it. Mr. M. Gerdes built the altar. A stove was located in the middle of the Church. Bride and groom parted at the stove as they came down to the altar to be married. At funerals the body would be viewed outside the church, and then committed to the ground, and then a service was held within the church.
